The fourth staff (measures 13-16) contains chords Dm, A, A⁷, and a first ending of Dm, followed by a second ending of Dm.

Take Us To Your Leader

We look out at the sky
Watching meteors go by
Waiting, my friends and I,
For a social visit.

When they beam us inside
Our eyes will open wide
Smiling we will provide
Music to their ear holes

So when you hear the call
Don't hesitate at all
Shout big though you are small
Take us to your leader

One day, I know they will
Stop by to sit and chill
Kick back and have their fill
Of our silly problems

With luck us they'll present
To someone important
And with some spaceman jams
We can make real progress

Fearless and full of art
Is how all good things start
Embrace the strange green men
Take us to your leader

I sure hope that they do
Teach us a thing or two
And if they decide to
Take us to their leader

Exchanging opinions
Mind-melding across suns
Tentacles in the air
You think different, we don't care

Who knows what you will find
When you open your mind
Escape the daily grind
Take us to your leader

Maybe in outer space
We'll win the human race
Because with our new friends
We will be the aliens

Sometimes a chance at change
Demands you rearrange
The things you think you know
Go the way of anal probe

Join us on spaceship five
We'll keep the dream alive
You laugh, but we'll survive
Take us to your leader
