Oh Girl

I am a poor guy,
One of the best dancers,
The girls grab me to dance.
Whomever I grab is glad.

Only one girl doesn't want to dance
She runs away from me

Chorus:

Oh girl
Why are you making trouble for me
May your father die if you don't dance!
Oh girl
Why are you making trouble for me
May your mother die if you don't dance!
Come on, come on!

The musicians are almost finished
She doesn't want to dance
May God strike her dead!

Come on Rosa, come on and dance,
then you'll get married.
Even the musicians are dancing!

<Chorus>

All the girls are dancing.
But she is crying sadly.
In my heart a fire burns.

<Chorus>
